

MP Grease Lithium

Multipurpose Lithium Greases are made from refined mineral base oil thickened with lithium soap, castor oil, derivating and anti-rust and anti-oxidant additives to provide reliable grease for automotive and industrial applications.

Main Benefits

- Outstanding water resistance.
- Good mechanical and thermal stability.
- Good anti-corrosion and anti-rust properties.

Applications

Automotive applications such as bearings and other grease parts, universal joints. Industrial equipments applications between temperatures ranging from -20°C to 120°C.

Typical Physical Characteristics

NLGI Consistency	2	3
Soap Type	Lithium	Lithium
Base Oil Type	Mineral	Mineral
Drop Point °C	180	185
Penetration, Worked @ 25°C (0.1mm)	275	235

Other NLGI grades are available upon request.

Color Varies from Country to Country. Properties mentioned above are typical only and minor variations, which do not affect the product performances, are to be expected in normal manufacturing. Advice and opinion noted herein are given in good faith and on the basis of the best information available, information is based on past history of the grade only and must not be construed as a guarantee of performance nor any legal liability is accepted by United Grease or any of its affiliates. Follow equipment manufacturer's recommendations for performance level and viscosity grade.
